Travel document readiness checklist

Track document and entry requirement checks without storing private numbers.

Three steps

1. Use official destination and carrier guidance
2. Check requirements for your citizenship
3. Keep documents secure

A worked example

Requirement	Passport validity
Check source	Official entry rules
Checked date	Nov 28
Action	Verify validity

Checking official rules helps avoid guessing from old advice.

Rules change; confirm before travel.

Travel document readiness checklist

Use one row per item or decision. Start with what you know.

Requirement	Check source	Checked date	Action
