Deep clean room checklist

Prepare a deeper clean by listing specific tasks and supplies.

Three steps

1. Check surfaces and instructions
2. List tasks
3. Work top to bottom where safe

A worked example

Room	Bathroom
Task	Clean mirror
Supply needed	Suitable cleaner
Done	No

The needed cleaner is listed before starting.

Never mix cleaning chemicals.

Deep clean room checklist

Use one row per item or decision. Start with what you know.
