Invoice payment fee comparison

See how payment fees affect the amount actually received.

Three steps

1. Check current payment fees
2. Calculate expected net
3. Compare terms and timing

A worked example

Method	Method A
Invoice amount	500
Fee	15
Net received	485

500 minus 15 equals 485.

Fees and exchange rates vary.

Invoice payment fee comparison

Use one row per item or decision. Start with what you know.

Method	Invoice amount	Fee	Net received
