Never miss a return deadline

Track receipts, return windows and the next action before the deadline.

Three steps

1. Check the actual merchant policy
2. Record the stated deadline
3. Set your own earlier reminder

A worked example

Item	Shoes
Purchase date	Nov 12
Return deadline	Dec 12
Receipt location	Email receipt
Action	Try indoors today

The deadline and next action are visible, not buried in an email.

Return conditions differ by merchant and applicable law.

Never miss a return deadline

Use one row per item or decision. Start with what you know.

Item	Purchase date	Return deadline	Receipt location	Action

My next action / when
