# Online course value comparison

Compare courses on learning outcomes and realistic time.

## Three steps

1. Define your goal
2. Compare actual curriculum and time
3. Check sample material and terms

## A worked example

| | |
|---|---|
| **Course** | Course A |
| **Cost** | 60 |
| **Hours** | 12 |
| **Outcome** | Build a project |
| **Evidence** | Sample lesson |

**Check whether the outcome matches your goal before buying.**

Certificates and outcomes vary.

# Online course value comparison

Use one row per item or decision. Start with what you know.

| Course | Cost | Hours | Outcome | Evidence |
|---|---|---|---|---|
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |
| | | | | |
