Utility bill comparison log

Check why a bill rose before assuming usage increased.

Three steps

1. Compare equal periods
2. Separate unit rates from fixed fees
3. Check actual supplier details

A worked example

Period	October
Units used	200
Unit rate	0.25
Fixed charges	15
Bill total	65

200 times 0.25 plus 15 gives 65.

Taxes and tariff structures may differ.

Utility bill comparison log

Use one row per item or decision. Start with what you know.

Period	Units used	Unit rate	Fixed charges	Bill total
