Utility transfer date planner

Avoid gaps or overlapping bills when changing addresses.

Three steps

1. Check provider lead times
2. Confirm dates
3. Keep reference numbers privately

A worked example

Utility	Internet
Old end date	Dec 3
New start date	Dec 2
Confirmed	Pending

A one-day overlap may be intentional.

Check cancellation terms.

Utility transfer date planner

Use one row per item or decision. Start with what you know.

Utility	Old end date	New start date	Confirmed
